Description

Using a Secure Shell (SSH) is going to be pretty important.

Can you `ssh` as `ctf-player` to `titan.picoctf.net` at port `54898` to get the flag?

You'll also need the password `6dd28e9b`. If asked, accept the fingerprint with `yes`.

If your device doesn't have a shell, you can use:
<https://webshell.picoctf.org>
